To the FBU, FDA, GMB, PCS, RCM, RCN, UNISON and Unite

Dear Colleagues

We send you solidarity greetings and our support in the face of the UK government's plans for further attacks on the right to strike. We note that the UK already has some of the strictest strike laws in Europe and that the government seems to be more interested in making those rules even tougher rather than engaging with public service trade unions to negotiate reasonable improvements to pay and conditions that would end the current round of disputes.

We note that the TUC is planning a day of protest on 1 February and we send our messages for support for that and look forward to hearing how we can ensure that the voices of European trade unions are heard in condemning this attack on trade union rights by the UK government.

In solidarity,

For the leadership of the Odborový svaz zdravotnictví a sociální péče České republiky

Dagmar Žitníková

President
